Winter at WEG

We have been enjoying our winter at WEG. Sledding, skating, digging, and playing. Thanks for sending your children with winter clothing so they can enjoy!

Skiing at Whitewater:

 As you all know, we had to adjust our ski-days because of the Silverking Chairlift problem. We were up there last week and our kids were amazing. So great to see many of our beginners learn so quickly. Many of them may be able to go up the Silverking chair next time. Their instructor has to be the one who gives them the “ok” to go!

Thanks to the parents who have been joining us at the ski-hill, and thanks to those who have paid us for your discounted tickets.

There has been room on the bus, so if it's tricky for you to join us Mar 1, 8 or 15th. Let us know, we can take more children on the bus.

Basketball:

Our Grade 7/8 boys were able to pull together a basketball team. Attendance at practice was spotty, but they were able to play a game against MSSS, and then attend a day-long tournament at LVR. Here they are:

Remembrance Day winners:

Folks from the Legion came to the school to recognize our students who participated in the Remembrance Day Poster/Poetry contest. These are the students who are the regional winners!

VWP:

Our Grade 9's and 10's are planning for their Winter Camping Trip. They'll be at Whitewater at the end of the month. This trip is one of the key learning trips for our students who learn about safely navigating the winter weather.

POP:

Lots of fun and learning in the K/1/2 Class. As you've seen they've been at the rink, but they've been cross country skiing too! And they also enjoyed a pajama day recently too!

Mr. Pinette's Class:

Are wrapping up their Science Unit on Space. You can see their satellites hanging in the classroom. They are excitedly prepping for the Valentine's Dance. And in Social Studies they are working on Geography.

OELP: Continue to work on all of their academic courses. They are considering a winter camping trip, so we'll see if they can get there.

WILD:

Madam tells me that they've been skiing on the rail trail and visiting the owl walk; skating; writing winter poetry; learning balance in gymnastics; and practicing multiple strategies in math.

Valentine's Dance!

Mr. Pinette suggested that we have a Valentine's Dance. His class came up with a song list. They decorated the gym....and we had a ton of fun dancing away the lunch time! We've got some pretty good moves!
